# HOW TO USE TUYA APP TO CONTROL PERGO-M8
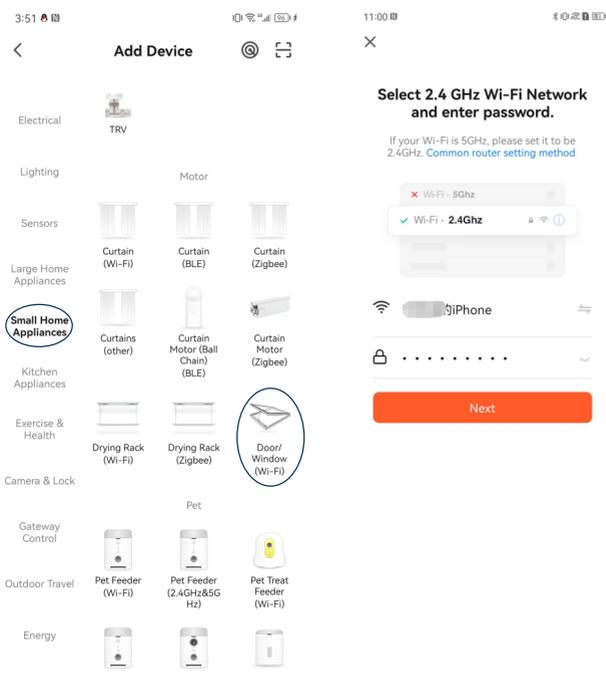

Step 1:
Download the Tuya APP on your mobile phone, open it, and display the following page, click "Add Device"

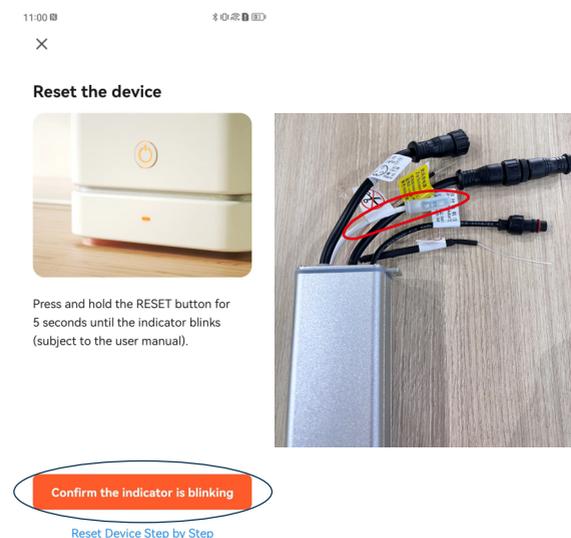

Step 2:
Click Others, select Connector (Wi-Fi), select 2.4GHz Wi-Fi network, and enter the password, and click "Next".

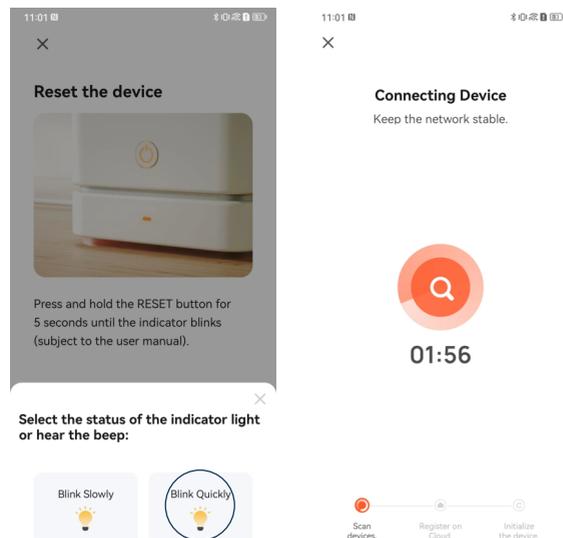

Step 3:
According to the prompt, press the "Set" button on the control panel for 5 seconds, the indicator light starts to flash, click "confirm the indicator is blinking".

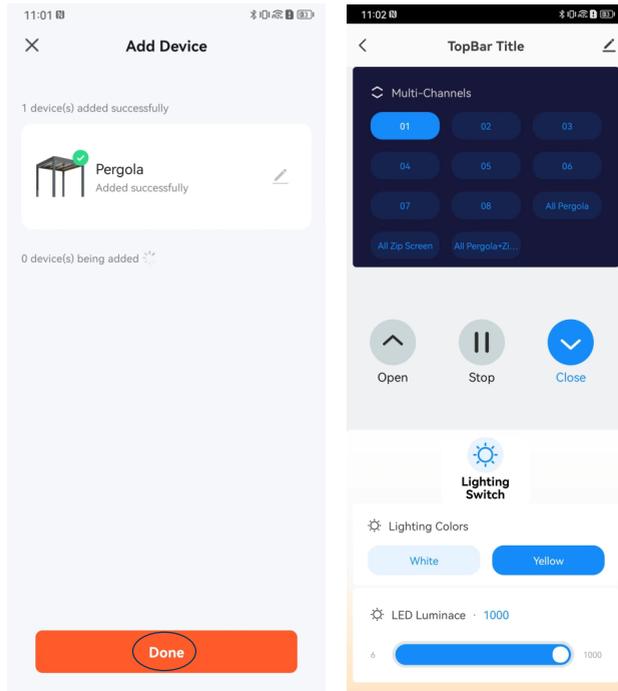

Step 4:
According to the prompt and the blinking frequency of the indicator light, click "Blink Quickly" to start searching for devices.

Step 5:
After searching for "Pergola", click "Done" to enter the control page.

Congratulations, the device pairing is complete!
The next time you enter the APP, click on the "Home" page and click on "Pergola" to enter the control page.
